Bajorons is an AKC Breeder of Merit. We health test every dog that is to be used in our program. We research each dog that we use for health history as well.

We register* every dog with the AKC that we produce. When your puppy is born we ask that you choose a name from our theme that we have chosen for that litter. For instance if that theme is "Star" we ask that you put **Bajorons** in front and then include the world star in that name. The name can only have twenty five character. For instance, " **Bajorons Star Baby**". Then you can call your dog on a day to day basis and name you desire like "Bright" or what ever call name that appeals to you. The AKC name is the name by which we identify your dog in the AKC stud book.

Your registration paperwork will come to you after you receive your puppy via the mail from the AKC. This takes about 2-4 weeks depending on the amount of dogs they have to register.

If you want your registration changed in any way you will have to contact Bajoron to discuss this.

You will also receive with your new puppy via the mail, a puppy book, and other interesting information. It is our quest to make this experience as positive and exciting as it can be. The anticipation in getting a new puppy and having it be the best is an undesirable. Thank you for allowing us to be part of that experience!

Your new puppy will be limited in its registration. Discuss with us how this can be changed.
