Bajoron Bouviers enjoys communicating with each puppy buyer from the process of your puppy being born through you receiving your new puppy. If we need to call or write you please let us know if you will be unavailable due to a trip or situation that you can't accept correspondence.

We apologize for this portion of our schedule. We have had puppy buyers cease communication due to an accident, never calling to communicate their circumstances. Should this happen. Every effort will be made to get a response from your home or family. If we do not receive a response we will move on to a new buyer. Please call or write if you are able to notify us if you would like a puppy from an available litter, at a later date if your puppy was paid in full (no later than 6 months from time of first deposit*). If we do not receive a response from you, we are not responsible for funds you have left with us after six months.

We do not post current pricing as puppy care costs change yearly. We will quote a puppy price when we speak to you Please, feel free to call and speak with us about your new puppy. We look forward to hearing from you!

Sincerely,
Bajoron Bouviers

*We will honor your puppy deposit for six months from the date your first deposit reached us if you had your puppy paid in full. (No liability on our part if you do not notify your estate of the situation).
